JESS HATCHER GETS 2 1-2 YEARS

JURY FINDS YOUNG MAN GUILTY OF CHARGE

NO JURY CASES TODAY

Carter and Bell Cases Scheduled for Trial Tomorrow—Leonard Was Fined and Then Paroled

Jess Hatcher was given a sentence of two years and six months in the penitentiary by a jury in circuit court last evening after being out about one hour. Hatcher was convicted of the charge of violating the motor vehicle law which grows out of an automobile accident near Graham several weeks ago when the car in which he and Merle Buie of near Barnard were riding, turned over and young Buie was killed. Hatcher was said to have been intoxicated and evidence was presented showing there had been liquor in the car and that Hatcher had been drinking. He is a brother of Grover Hatcher who has been arrested a few times for violating the prohibition law.

The petit jurors were excused after the Hatcher trial until tomorrow morning as no cases were scheduled for trial today. The case of the state against Ed Bell for assault with intent to kill is set for tomorrow, also the case of the state against Muriee Carter, a grand jury indictment for gaming, is schedule dto be tried that day.

Albert C. Wallnich and Arthur W. Hetherington who are charged with the burglary and larceny of the Townsend Wholesale Grocery house waived formal arraignment in circuit court this morning. Bail was fixed at $3,000 for each defendant. No time was set for their trial but it will probably go over until the January term.

Dewey Leonard on a charge of assault and battery withdrew his plea of not guilty and entered a plea of guilty and was fined $100 and given a six months jail sentence. For good cause shown and on payment of costs, Leonard was paroled.

The prosecuting attorney dismissed the case against Hoyt Craig for wife and child abandonment.

The case against Clyde Horn for transportation of intoxicating liquor was continued on application and at cost of defendant.

The case against Grover Hatcher for violation of prohibition law was continued on application and at cost of defendant.

Arthur Gaskell who was indicted for gaming by the grand jury pleaded not guilty and bail was fixed at $200.

Margaret Hewitt on a charge of violation of the prohibition law, having been indicted by the grand jury, appeared in circuit court this afternoon and pleaded not guilty. Bail was fixed at $500. Her trial was set for next Tuesday. She is charged with selling liquor to Fred Breit of Parnell.

A decree of divorce and care and custody of minor child was granted to Ruth Roberts from Bryan C. Roberts.

GRAND JURY TO MAKE FINAL REPORT MONDAY

Not Able to Make Adjourn Yesterday Because the True Bill Could not Be Made Out

The grand jury after the session late yesterday afternoon took a recess until Monday morning when they will meet to make their final report. The report of the grand jury about their visit to the court house, county jail, the county farm and the county health department, will be made at that time.

The grand jury could have adjourned yesterday but as the true bills could not be written by Prosecuting Attorney Charles McCaffrey, on account of the fact of he being busy in circuit court with the Hatcher case as well as other cases, the jury decided to adjourn. It is not known whether the grand jury will return many true bills.

CURLEY BROWN TO PITCH AT WILCOX

SEMI-PROS OF MARYVILLE SECURE HURLER OF REPUTATION

TO BE NO EMERY BALL

Is Third Game Between the Two Teams—Reserved Seats for Women—Clearmont Saturday

The Maryville Semi-professional Baseball Club and the Wilcox team will lock horns again Sunday at Wilcox. For the third time in three weeks these two teams will play. The other two games have been won by the Wilcox team, each time by a 2 to 1 score. The game two weeks ago required eleven innings to decide the winner and the game last Sunday came very near running into extra innings.

The third game will be played under the rules of organized baseball and will probably be more hotly contested than either of the other two. "Whitey" Kennan, who hurled the other two games for Wilcox, will not be on the mound this time. He is an emery ball pitcher and since the emery ball is barred in organized baseball Kennan will not be allowed to pitch. However, Wilcox has secured as moundsman, Curley Brown of Sedalia. Brown is considered one of the leading pitchers of the state and it is said by Howard Garrett, was at one time sold to the Boston Americans for $30,000. If either pitcher is caught using the spit ball or emery ball, he will be benched.

Poirier, who pitched for the Maryville team last Sunday, will officiate on the mound again this time. He pitches straight baseball and is considered one of the best twirlers outside of organized ball.

The same team will represent Maryville that played last Sunday. Speaker, the catcher, lead the Nebraska State league this year with a batting average of 370 per cent and he was also the premier home run hitter.

Sigler, the Maryville third baseman, is without doubt the fastest infielder that ever played on the Wilcox diamond. He is sure and speedy and when it comes to hitting he is quite the marbles.

The Wilcox team will be strengthened in the weak places and with Brown and Tobin as the battery the game should be hard fought. Tobin is one of the best catchers in this part of the country and is considered to be the best hitter on the Wilcox team.

For this game the grandstand will be reserved entirely for ladies. Extra bleachers are being erected for the men. Cars will be parked around the outfield again an dthere will be officers to see that the parking and handling of the cars is carried on in as orderly manner as possible.

The largest crowd of the season is expected at this game. The managers of both clubs confidently expect the grandstand and all of the bleachers to be packed and standing room to sell at a premium.

Teh umpire for this game will be George Ward from Craig.

At first it was planned to have the game in Maryville but owing to some complications the Wilcox team would rather play on the home diamond so the game will be played at Wilcox.

The game is announced to start at 3 o'clock.

The Maryville line-up will be—Speaker, c; Poirier, p; Tilson, 1b; Cree, 2b; Scott, ss; Sigler, 3b; Lauder, lf; Black, cf; Wright, rf.

The Wilcox line-up will be—Tobin, c; Brown, p; Brennan, 1b; P. Tobin, 2b; Leech, ss; Jones, 3b; Booth, lf; Egley, cf; Phillips, rf.

The Wilcox team will play at Clearmont Saturday. The same line-up will be used with the exception that Kennan will pitch.

BEARCATS GO TO BULLDOG KENNEL

MAYNOR AND SEVENTEEN MEN LEAVE FOR KIRKSVILLE

BEATEN 14-0 LAST YEAR

The Condition of the Men—Game Tomorrow Afternoon—Will be Back Saturday

Coach Eugene A. Maynor of the State Teachers College left this morning with seventeen of his Bearcat tribe to invade the kennel of the Kirksville Bulldogs. The game will be played tomorrow afternoon on the State Teachers College field at Kirksville.

The men who made the trip are: Allan, Appleby, Graham, England, Messmer, Hays, Palmer, Kirby, Akars, Eaton, Beck, Wilson, Foreman, Miller, Webb, Thompson and Leech, Mrs. Maynor also accompanied the team.

The game with the Kirksville Teachers is considered to be second hardest of this year's schedule for the local team. The game which was played at Springfield last week was probably the hardest but the Bulldogs will prove formidable to say the least.

Last year Kirksville came here and won from the Bearcats by a score of 14 to 0. This year Coach McWilliams has eleven letter men back on his team so he should be well prepared for tomorrow's battle.

Coach Maynor has been giving his men a pretty severe series of practices this week. Scrimmage has been held two days and the other day was devoted to strenuous signal drill.

Several of the men are not in first class shape, however. Messmer and Akars, tackles, are both handicapped by bad ankles and Captain Graham and England are slightly bunged up. In the backfield Miller is bruised a bit from the Springfield game but all of these men will be in shape to start the game should Maynor decide to use them.

The team left this morning on the 10:52 o'clock Wabash. It was planned that the men should go by automobile to Pattonsburg but at the last moment it was discovered that the roads were rough and Coach Maynor did not wish to tire his men with a hard trip in cars. So it was decided to go by train all the way.

The team will return sometime Saturday.

COURT ALLOWS SURPLUS FEES FOR CLERK HIRE

Request of Recorder Baker Granted and Books for That Office Are Closed Up

The county court at their session yesterday afternoon granted the request of Recorder Dan R. Baker to allow the surplus of $2,242.68 in fees as found by the auditors for deputy clerk hire.

The letter of Recorder Baker to the court follows: "In compliance with Mr. Mayer, one of the auditors who checked up the books of the officials of Nodaway County, I submit to you the fees received by this office for the past eight years, showing a "surplus" for the years 1915, 16, 17, 19 and 20, aggregating $2,242.68.

"Inasmuch as there had been no minutes on the record made by the county court, fixing the salaries of the deputies, I ask the Honorable County Court to allow this surplus as "Deputy hire" so the books can be closed up.

"Of course, the auditors found the minutes on the record of the appointment of the deputies and where they had been sworn in by the court. You know the Statutes say "the recorder may retain out of fees $4,000 per year and a reasonable deputy hire. This he claims will clear up the record."

The Allies promised the east half of Thrace to the Turks despite the Greeks opposition.

Constantinople, Oct. 5—The Turkish nationalists cavalry appeared today at Kandra on the Black Sea. This is within the so-called neutral zone established by the allies east of Contsantinople. It is not believed any allied troops are at Kandra.

NODAWAY COUNTY MAY GET FULL PAGE IN CAZETTE

The Requirement Is That if She Raise Quota for the Salvation Army First

If Nodaway County is the first of ten to raise its quota of $1,000 for the Salvation Army Relief fund it will receive a full page write-up in the St. Joseph Gazette of any nature that may be desired. With the organization that has been worked out it seems that the county should be able to get the page without any difficulty, if everyone gets on the job.

Ten counties, Nodaway, Atchison, Worth, Andrew, Clinton, Holt, DeKalb and Platte counties in Missouri and Brown and Doniphan counties in Kansas are in the contest. The first county to report after October 9 by wire telephone or mail wins the contest.

Nodaway County has been well organized and the different towns have been given quotas and treasurers have been appointed in each. The amount which each town is to raise follows: Maryville, $500; Graham, $30; Quitman, $20; Arkoe, $10; Hopkins, $80; Pickering, $30; Ravenwood, $30; Parnell, $30; Barnard, $30; Guilford, $20; Conception Junction, $30; Clyde, $20; Wilcox, $10; Clearmont, $30; Burlington Junction, $80; Elmo, $30; Skidmore, $50.

All persons living in the county who are not solicited and who wish to contribute are asked to send their contributions to S. H. Kemp at the Farmers Trust Company in Maryville.

The full page which the Gazette will give to the winning county will be filled with any kind of write-up that is desired. Views may be used or any kind of free advertising that the winners want.

SALVATION ARMY DRIVE OCTOBER 9 TO 16

Local solicitors will call upon you for a contribution to Maryville's quota which is $500. Rural contributions should be sent to S. H. Kemp, treasurer, in case you are not personally solicited. These funds are used only for the relief of the sick, unemployed and unfortunate girls.

PRESBYTERIANS MAKE PLANS FOR FALL AND WINTER

To Study Four-Fold Task of Institution—Other Events are to Take Place

Plans for the fall and winter at the Presbyterian Church have been made and were announced at the church night services held at the church last night.

The next four weeks will be given to the study of "The Four-fold Task of the Presbyterian Church" by Dr. Guy Morrill. These tasks are evangelism, education, social service and maintenance and morale. The chapter headings are "Lighting the Light, or telling the Love of Jesus"; "Trimming the Light, or Understanding the Mind of Jesus;" "Setting the Light on a Candlestick or Showing the Heart of Jesus;" and "Burnishing the Candlestick, or Promoting the Work of Jesus. Copies of this booklet will be available for distribution to the members.

Announcement was made that on November 8, another basket dinner would be held, at which Dr. William M. Cleveland, of St. Louis, one of the secretaries for the Southwest District of the Board of Foreign Missions, is to be the speaker. It is likely that he will bring a set of lantern slides with him. This Church Night Service will serve to inaugurate the fall program of mission study. The subject is India. The purpose is to provide study groups for the various age groups. Special books are prepared for each of these.

Another date which will be observed is December 13, the birthday of the church. In the past this day has often been one of the big days in the church year, and its observance is to be revived. Wednesday, November 29, is reserved for joining with the other churches of Maryville in the union Thanksgiving Service.

After Christmas the mission study subject will be Home Missions, and other studies relating to the church, and preparation for Easter are planned. This will make Wednesday evening a strong educational feature of the church program.

"DOUGHNUT DAY" AT HOPKINS FOR SALVATION ARMY FUND

"Doughnut Day" will be observed in Hopkins sometime during the week of October 9 to 16 to assist in raising the quota for the town toward the $1,000 Salvation Army relief fund. The exservice men of Hopkins are taking a decided interest in this work and are assisting C. E. Donlin, the Hopkins treasurer as much as possible.

A marriage license was issued yesterday afternoon to William Marion Archer of Maitland and Gladys Myrtle Helms of Skidmore.

Honor Miss Bellows

Miss Mildred Bellows, whose marriage to William Newland Deatherage will take place Tuesday afternoon, October 17, was the guest of honor at a buffet supper given Wednesday evening by Miss Virginia Robinson and Miss Elizabeth Leet at Miss Leet's home on East Fourth street. A fawn color scheme was carried out in the dining room decorations, developed with snapdragons, and in the appointments of the three-course supper. The favors for the guests were secured to the ends of pink ribbons and were drawn from a rose basket which centered the table. The guests, who were members of the Pi Epsilon Pi Sorority included Mrs. W. J. Montgomery, sorority sponsor, Miss Mildred Bellows, Miss Mildred Shinabargar, Miss Mary Wooldridge, Miss Marie Wright, Mrs. Clifford Hull, Mrs. Martin Lewis, Jr., Miss Alice McMurry, Miss Alice Welling, Miss Ora Mae Condon, Miss Mabel Cook and Miss Margaret Remus. Following the supper a business meeting was held, and arrangements for a celebration of the third anniversary of the sorority were made. The occasion will be observed with a banquet on the evening of October 14 at the home of Mrs. Montgomery. WORST ROADS TO BE PUT IN SHAPE FIRST

CHIEF ROAD ENGINEER OUTLINES PLANS OF COMMISSIONS.

MARKERS TO BE SET UP

Work Will Be Begun in More Than Half the Counties by Dec. 1 —Up-Keep Is Discussed.

Every county throughout the state wants to know just how the particular roads are to be selected for improvement under the new $60,000,000 bond issue program. A quotation from the address of B. H. Piepmeier, chief highway engineer, delivered by wireless at Paris, Mo., last week is of interest. In Mr. Piepmeier's address he said:

"Our plans at this time are to pick sections of road in each county that require heavy grading and large bridges. We are anxious to complete the worst portions of the highways first so that the traffic may get the maximum service from the improvement, and that the heavy fills may become thoroughly settled before the hard surface is applied."

The maintenance of the state highways after they are constructed is the biggest thing that the people of Missouri can aid in, according to supporters of the measure. Voters of the state will have an opportunity to express themselves on this question of maintenance at the election November 7. Amendment No. 3, provides that a certain part of the automobile license fees may be set aside by the legislature for the maintenance fund.

The following resolution was presented to the Commission and after thorough discussion was unanimously adopted:

"Whereas, there will be presented to the voters of the state of Missouri at the election November 7, an amendment to the Constitution providing for setting aside in the state treasury a portion of the money acquired from automobile license fees which fund shall be used for the maintenance of the state highways; and

"Whereas, the state has already constructed 885 miles of the designated state highway system that must be maintained and in some instances resurfaced; and

"Whereas, the maintenance of state roads is imperative after they are once constructed or the expenditure of the money for their construction will be wasted; and

"Whereas, it is the plan of the State Highway Commission to undertake the maintenance of the 7,600 miles of state highways by a patrol system as soon as the amendment is carried and the necessary funds become available.

"Therefore be it resolved, that the State Highway Commission urge upon the voters of the state the necessity for the adoption of this amendment and request all good road advocates to lend their efforts in order that the proposition known as Amendment No. 3 may be thoroughly understood by the voters, that they may vote intelligently upon this question.'

The State Highway Commission has three parties of surveyors on roads that are to be taken up this fall. The commission expects to have road work going under the new bond law in more than half the counties of the state by December 1.

The commission has adopted a uniform design for the markers to be used on the state highways. The sign will be cast iron, oval in shape 9 inches wide by 12 inches long. The figures in the center will be at least five inches high and will be raised above the surface. The words "Missouri State Highway" will be painted on the outside rim. The letters and figures will be black and the background will be orange. The new signs will be placed on steel angled iron three and one-half feet above the ground.

VOCATIONAL AGRICULTURE BOYS LEARN BUTTER-MAKING

Have Little Creamery at High School Building—Making 160 Concrete Fence Posts

Several of the members of the class in vocational agriculture at the Maryville High School, taught by H. G. Tilley, have chosen butter-making as their project to be worked out. A miniature creamery has been fixed up at the school building and Mr. Tilley says that he expects the boys to turn out about 100 pounds of butter a week. The butter will be placed in one pound cartons just the same as other creamery butter.

In the creamery equipment is a small electrically driven churn and a table butter worker, the latter of which was made by the students in the class in their shop work.

The cream that will be used at the creamery will be brought by the rural students attending the high school.

Chester Davison has brought in an order for 160 concrete fence posts to be used on the farm of his father. The forms have been made by the class and most of the members will have a chance at doing some of the work on the posts.

Clifford Froyd has completed a hog feeder to be used on his father's farm and Ernest Neal is building one to be used on his father's farm.

Homer Ogden is building a portable hog house for his father. The hog house has a capacity to accommodate two sows.

Several farm gates have been made by the class.

MORE LAND DEALS

940 Acres Change Hands Through the Agency of Our Real Estate Firm—Some of It at $200 an Acre

(From Hopkins Journal)

Everything is lovely and the goose is hanging high. Money is getting more plentiful and real estate deals, as a result, are becoming more frequent, nearly 1,000 acres changing hands this week through the agency of the Hopkins real estate men, Robbins & Fike.

These men this week traded the Wes Hall 20 acres tract at the northwest edge of Hopkins to Enoch Meadows for his 80 acre farm southwest of town, the Hall twenty being taken at $200 an acre and the Meadows eighty at $75. Mr. Meadows expects to move to Hopkins to make his home.

Another deal is the trading of 200 acres of land northwest of Hopkins, the farm occupied by Albert Acree and farmed by Acree & Fike, to Bob Barber, the Burlington Junction banker, for a section of land in Kerney county, Kansas, this being the section formerly owned by Fred Olmstead. The Kansas land was put in at $30 an acre and the Hopkins farm, owned when the trade took place by A. F. Galloway, at $175 an acre. The farm here is now for rent unless Mr. Barber finds a buyer for it right away.

HOUSEWORK IS A BURDEN.

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Maryville women. Ask your neighbor.

Mrs. M. Bratcher, 1322 E. 2nd St., Maryville, says: "While recovering from a bad cold a terrible dull ache settled in the small of my back and bothered me constantly. As the days went by my back grew lame and sore and these pains darted around to my hips. I suffered severely and could hardly do my housework. I decided to try Doan's Kidney Pills which I had heard so much about. I purchased a supply at Gaugh & Evans Drug Store. The first box produced such good results I continued using them and after I had used three boxes of Doan's the pains left and I was completely cured. I highly recommend Doan's Kidney Pills to anyone afflicted with a similar trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Bratcher had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

In Memory of One We Loved

Ermil Mae Michaelson was born July 8, 1910, and passed away September 25, 1922, at the age of twelve years, two months and seventeen days. She leaves to mourn her going, her parents, two brothers, Euclie and Jesse, and also a host of friends. Her young life was one glad song. She loved her home, her school and Sunday School, and being of a sunny disposition she was the light of our home. And, oh, our darling, how we loved her

But the Savior loved her best;
And He took her home to Heaven
For a long and peaceful rest.

And there we hope some day to meet her
On that calm and peaceful shore;
There our trials will be over,
And we meet to part no more.

Sheriff Kucker Seizes Curtis Plane on a Court Order in Favor of Maryville Man.

(From St. Joseph News-Press.)

Sheriff Kucker in St. Joseph, invaded a new field today when he levied an attachment on an airplane. The sheriff went to French Bottoms and took possession of a Curtis plane which had been in the possession of Frank Wells and Joe Lawrence, commercial aviators. Kucker was acting on a court order in behalf of W. A. Gorton of Maryville.

The airplane will be left at French Bottoms until a local aviator can be hired to take it to Maryville.

THOMAS WAS RIGHT BUT IT SOUNDED FUNNY

R. E. Thomas came up town this morning and said that he has two gilts, farrowed last fall, in his Poland China herd that are taller than any horse in Nodaway County. When an individual told Mr. Thomas that he did not believe it Mr. Thomas explained. He said that each of the gilts was 38 inches tall and that the two together were 76 inches, or nineteen "hands" tall, and that he did not know of any horse in the county measuring that much.

HERE IS A FORMULA FOR YOUR SICK POULTRY

A number of poultry raisers of the county have made inquiry at the Farm Bureau office in Maryville as to how to treat fouls with colds and those which are generally out of condition. Accordingly the office is mailing out the following formula, recommended by the Missouri State Experiment Station at Mountain Grove:

Magnesium Sulphate—10 ounces.
Magnesia—1 ounce.
Sulphate of Iron—2 ounces.
Ground Ginger—2 ounces.
Sulphur—3 ounces.

Give one tablespoonful to twelve birds for three mornings and repeat when needed. This should be fed in a mash.

This contains medicinal properties which act on the digestive organs, the kidneys, the blood, and is a stimulant to all organs.

ROCK PORT TO BE HERE TOMORROW

IS EXPECTED TO BE A STIFF GAME

O'BANION IN LINEUP

Carstens and Bush Also Have Injuries But Will be in the Game

The Maryville High School football team will meet the Rock Port eleven at the College gridiron tomorrow afternoon. The game will be called at 3 o'clock but school will be dismissed early to enable the grade and high school students to get to the field to see all of the game.

Rock Port is expected to have a good team. The other important battles will be against Tarkio, Lafayette and Trenton. Trenton has won the championship several times in the last few years and has been considered a formidable contender at all times.

Coach H. Frank Lawrence said that he is putting his men through some hard training this week—that is the men who have recovered from the bruises and injuries of last weeks game with Tarkio. But all of the men have reported to practice and are expected to take part in this game Friday. Harold O'Banion has an injured foot which he received at Tarkio. Jarvius Bush and Harry Carstens both received hard knocks but will be in the lineup Friday.

Coach Lawrence has not decided what men shall start the game but he predicts that almost all of them will have a chance to take part in the game. As yet no first team has been picked and the places are open to all of the boys who would contend for them and show the best fight.

This week's practice consisted of perfecting the errors which were brought to light in the Tarkio struggle and a more perfect team will take to the field against Rock Port than was on the field last week at Tarkio.

The boys in their practice and scrimmaging have shown the old fight that it takes to make a good football team and are in fine physical condition. Strict training rules have been observed all season and the boys are much the better as the result.

The reports are that Rock Port has a heavy line but with the experienced headsof Carstens and Ogden at ends, Bush at center, and of Epperson, Hartman, Curfman, Mountjoy and Hunt, to pick from for tackle and guard positions and many other good material which is out for practice Coach Lawrence will have a strong force in the line.

The rest of the Maryville schedule which has been arranged up to date is:

October 14—Chillicothe at Maryville.
October 21—King City at King City.
October 27—Tarkio at Tarkio.
November 4—Lafayette High School of St. Joseph at Maryville.
November 10—Trenton at Maryville.

BERG'S CALF SELLS FOR 28 CENTS LB.

Continued from page 1

Graham, fourth, $10; Max Wray, Hopkins, sixth, $5.00; Dale Acklin, Graham, eighth, $5.00. In the American Shorthorn Breeders Association special for Shorthorn steers only all of the Shorthorn steer calves from Nodaway County were placed among the best twenty in the show and were awarded $5 each. Those who fed Shorthorn steers in this county were: Dale Dorman, Graham; Dale Acklin, Graham; John M. Turner, Barnard; Lola Acklin, Graham; Alice and Robert Komer, Maryville. Max Wray of Hopkins won the silver medal offered by the Institute of American Meat Packers for the Shorthorn calf approaching nearest the ideal type of the breed. The award being made by C. D. Bellows.

In the Angus group Maurice Berg won first, $25, American Aberdeen Angus Breeders Association special $5, and the gold watch offered by this association for the best Aberdeen Angus calf; also Grand Champion, $25. Lavern Butts of Ravenwood, won second, $20; American Aberdeen Angus Breeders Association special $5, the silver medal offered by the Institute of American Meat Packers for the Angus calf approaching nearest the ideal type of the breed. The award being made by Hal T. Hooker.

One big lesson which the Nodaway County boys have learned in the first year that they have taken part in the Baby Beef Show is that heifer calves are at a big disadvantage in both the show and sale. Heifer calves had to be outstandingly better than steer calves, in order to win over the steers in the show, and most of the men at the sale thought that the heifers sold at about two dollars per hundred less than steer calves of equal quality and finish.

No horse race ever created more enthusiasm than was shown by the Nodaway County boys, their parents and friends who attended the show. Many of the boys have declared they are going to start for another year with a better calf and try harder than ever to show Northwest Missouri what Nodaway can produce.

More than 300 loads of cattle are in the St. Joseph stock yards for the Stocker and Feeder show, the awards of which are to be made today. They come from many different states.

Nine counties with 150 calves were represented in the show.
